## INDEPENDENT AUDITOR'S REPORT

The Honorable Board of Trustees  
Cabrillo Unified School District  
Half Moon Bay, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Cabrillo Unified School District (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

District management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAGAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of CalPERS pension contributions, schedule of CalPERS proportionate share of net pension liability, schedule of STRS pension contributions, schedule of STRS proportionate share of net pension liability, schedule of contributions for other postemployment benefits, and schedule of changes in net OPEB liability, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental

Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements, as required by the Governmental Accounting Standards Board, organization schedule, schedule of average daily attendance, schedule of instructional time offered, schedule of charter schools, schedule of financial trends and analysis, and the reconciliation of the Annual Financial and Budget report to the audited financial statements, as required by the *2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, and schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Regulations, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, schedule of average daily attendance, schedule of instructional time offered, the reconciliation of the Annual Financial and Budget report to the audited financial statement, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedule of average daily attendance, schedule of instructional time offered, the reconciliation of the Annual Financial and Budget report to the audited financial statement, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The organization schedule, schedule of charter schools, and schedule of financial trends and analysis included have not been subjected to the auditing procedures applied in the audit of the basic financial statement and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The District's internal control over financial reporting and compliance.

**CABRILLO UNIFIED SCHOOL DISTRICT  
MANAGEMENT’S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

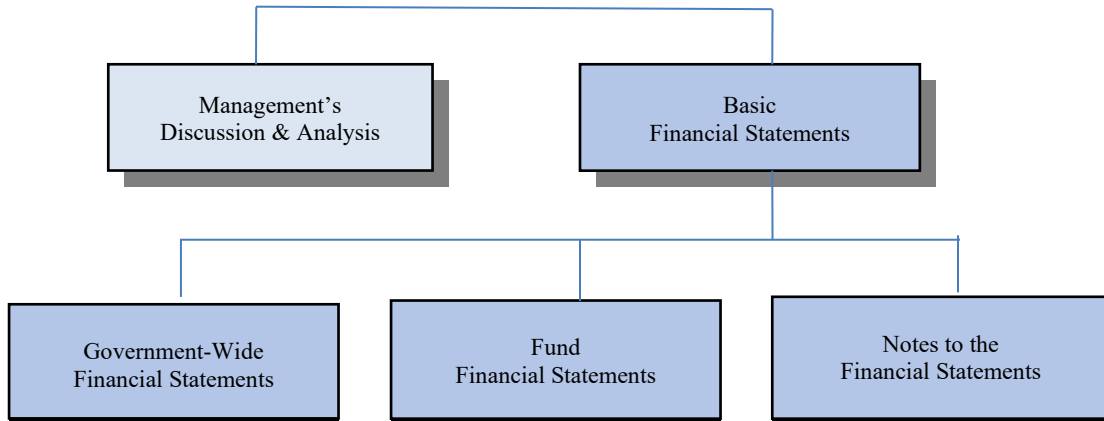

---

**INTRODUCTION**

The Management’s Discussion and Analysis (MD&A) is a required section of the District’s annual financial report, as shown in the overview below. The purpose of the MD&A is to presents discussion and analysis of the District’s financial performance during the fiscal year that ended on June 30, 2022. This report will (1) focus on significant financial issues, (2) provide an overview of the District’s financial activity, (3) identify changes in the District’s financial position, (4) identify any individual fund issues or concerns, and (5) provide descriptions of significant asset and debt activity.

This information, presented in conjunction with the annual Basic Financial Statements, is intended to provide a comprehensive understanding of the District’s operations and financial standing.

**Required Components of the Annual Financial Report**

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the fiscal year ended June 30, 2022 were as follows:

- Total net position decreased by \$6,975,470 from June 30, 2021 to June 30, 2022.
- General revenues accounted for \$39,652,462 which is 79% of all revenues. Program specific revenues in the form of operating grants and contributions and charges for services accounted for \$10,517,642 or 21% of total revenues of \$50,170,104.
- The District had \$56,263,041 in expenses, which was directly supported by program specific revenues as noted above.
- Total fund balances of governmental funds (i.e. General Fund, Building Fund, and Bond Fund) decreased by \$15,531,082, or 25%, from June 30, 2021 to June 30, 2022.
- Among major funds, the General Fund reported \$43,188,648 in revenues and \$46,125,914 in expenditures. The General Fund’s fund balance decreased by \$3,267,266 from June 30, 2021 to June 30, 2022.

**USING THE ANNUAL REPORT**

This annual report consists of a series of basic financial statements and notes to those statements. These statements are organized so the reader can understand the District as an entire operating entity. The statements provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities comprise the government-wide financial statements and provide information about the activities of the whole District, presenting both an aggregate view of the District’s finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District’s most significant funds with all other non-major funds presented in total in one column. In the case of the District, the General Fund is by far the most significant fund. The basic financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The full annual financial report is a product of three separate parts: the basic financial statements, supplementary information, and this section, the Management’s Discussion and Analysis. The three sections together provide a comprehensive financial overview of the District. The basic financials are comprised of two kinds of statements that present financial information from different perspectives, government-wide and fund statements.

- Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the District’s overall financial position.
- Individual parts of the District, which are reported as fund financial statements, focus on reporting the District’s operations in more detail. These fund financial statements comprise the remaining statements.
- Notes to the financials, which are included in the financial statements, provide more detailed data and explain some of the information in the statements. The required supplementary information section provides further explanations and provides additional support for the financial statements.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS - STATEMENT OF NET POSITION AND THE STATEMENT OF ACTIVITIES**

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, “How did we do financially during the fiscal year 2021 - 2022?” The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting practices used by most private-sector companies. This basis of accounting takes into account all of the current year revenues and expenses regardless of when cash is received or paid.

These two statements report the District’s net position and changes in net position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the District’s property tax base, current

property tax laws in California restricting revenue growth, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the District reports governmental activities. Governmental activities are the activities where most of the District's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of plant, pupil transportation and extracurricular activities. The District does not have any business type activities.

## **REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS**

### **Fund Financial Statements**

The analysis of the District's major funds begins with the balance sheet. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. These fund financial statements focus on each of the District's most significant funds. The District's major governmental funds are the General Fund, Building Fund, and Bond Interest and Redemption Fund.

### **Governmental Funds**

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

### **Fiduciary funds**

The District is the trustee, or fiduciary, for an expendable trust fund. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the District's fund and government-wide financial statements because the District cannot use these assets to finance its operations.

*Direct Instruction* expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil.

*Pupil Services and Instruction-Related Services* include the activities involved with assisting staff with the content and process of teaching to pupils.

*General Administration* includes the costs for the Board of Trustees, administration, fiscal and business services and other expenses associated with administrative and financial supervision of the District.

*Plant Services* include the operation and maintenance of plant activities, which involve keeping the school grounds, buildings, and equipment in an effective working condition.

*Ancillary Services* include school-sponsored activities during or after the school day that are not essential to the delivery of instructional services.

*Community Services* include activities concerned with providing services to community participants other than students.

*Interest and Fiscal Charges* involve the transactions associated with the payment of interest and other related charges to debt of the District.

The dependence upon tax and local revenues is apparent, 81% of the District's activities are supported through taxes, grants and entitlements, and other general revenues. The community, as a whole, is the primary support for the District.

**FACTORS BEARING ON THE DISTRICT’S FUTURE**

In 2021-22, the district continued to be “Community Funded” (Basic Aid). The FY 2021-22 budget and its multi-year projection assumptions indicated that the district would continue to be a Basic Aid district with reserves above the mandated 3%. Thus, the district settled negotiations with its bargaining units based on a projected 2021-22 4% tax increase. The bargaining units received a 5.25% salary increase and a one-time off-schedule \$2,000 payment. In the Spring of 2022, however, the district tax revenue was reported to be under 2%. Therefore, the district needs to continue to be vigilant about the fiscal vulnerability to which Basic Aid districts are subjected. In 2023 and 2024, the District will introduce and implement right-sizing and austerity measures to weather a potential fiscal crisis. Additionally, the district will seek to increase its reserves in alignment with its Board Policy 3100.1.

**CONTACTING THE DISTRICT’S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, parents, investors, and creditors with a general overview of the District’s finances and to show the District’s accountability for the money it receives. If you have questions regarding this report or need additional financial information, contact J Jesus Contreras, Chief Business Official, Cabrillo Unified School District, 498 Kelly Avenue, Half Moon Bay, CA 94019, (650) 712-7123.

Total fund balances - governmental funds \$ 47,171,740

Amounts reported in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds.

Capital assets at cost	\$ 163,117,513	
Accumulated depreciation	<u>(37,996,083)</u>	125,121,430

Interest payable on long-term debt does not require the use of current financial resources and, therefore, is not reported in the governmental funds. (2,086,000)

Deferred outflows of resources include amounts that will not be included in the calculation of the District's net pension liability of the plan year included in this report such as current fiscal year contributions as recorded in the fund statements. 8,818,341

The difference from pension plan assumptions in actuarial valuations are not included in the plan's actuarial study until the next fiscal year and are reported as deferred inflows of resources in the Statement of Net Position. (17,102,718)

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:

General obligation bonds	\$ 115,675,000	
Unamortized bond premium	11,363,320

Total net change in fund balances - governmental funds \$ (14,648,549)

Capital outlays are reported in the governmental funds as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense.

Capital asset additions from capital outlay	\$ 4,806,297	
Depreciation expense	<u>(4,187,590)</u>	618,707

The governmental funds report bond proceeds as an other financing source, while repayment of bond principal is reported as an expenditure. Interest is recognized as an expenditure in the governmental funds when it is due. The net effect of these differences in the treatment of general obligation bonds and related items are as follows:

Repayment of bond principal	\$ 2,431,391	2,431,391
-----------------------------	--------------	-----------

In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an other financing source or other financing use in the period it is incurred. In the government-wide statements, the premium or discount is amortized as interest over the life of the debt. The difference between premiums or discounts recognized in the current period and amortized over future periods is: 511,139

In governmental funds, actual contributions to pension plans are reported as expenditures in the year incurred. However, in the government-wide Statement of Activities, only the current year pension expense as noted in the plans' valuation reports is reported as an expense, as adjusted for deferred inflows and outflows of resources. 3,315,037

In the Statement of Activities, compensated absences are measured by the amount earned during the year. In the governmental funds, however, expenditures for those items are measured by the amount of financial resources used (essentially the amounts paid). This year vacation used exceeded the amounts earned, resulting in a current year change in compensated absences in the amount of: (127,663)

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. 1,807,000

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

**1. SIGNIFICANT ACCOUNTING POLICIES**

A. Accounting Principles

Cabrillo Unified School District (the “District”) accounts for its financial transactions in accordance with the policies and procedures of the Department of Education’s *California School Accounting Manual*. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

B. Reporting Entity

The District is the level of government primarily accountable for activities related to public education. The governing authority consists of five elected officials who, together, constitute the Board of Trustees. The District’s combined financial statements include the accounts of all its operations. The District evaluated whether any other entity should be included in these financial statements using the criteria established by GASB.

Component Units:

The District evaluated whether any other entity should be included in these financial statements. The basic, but not the only, criterion for including a governmental department, agency, institution, commission, public authority, or other governmental organization in a governmental unit’s reporting entity for financial reports is the ability of the governmental unit’s elected officials to exercise oversight responsibility over such agencies. Oversight responsibility implies that one governmental unit is dependent on another and that the dependent unit should be reported as part of the other. Oversight responsibility is derived from the governmental unit’s power and includes, but is not limited to:

- Financial interdependency
- Selection of governing authority
- Designation of management
- Ability to significantly influence operations
- Accountability for fiscal matters

Accordingly, for the year ended June 30, 2022, the District does not have any component units and is not a component unit of any other reporting entity.

C. Basis of Presentation

**Government-wide Financial Statements:**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the District. Eliminations have been made to minimize the effect of interfund of activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund and fiduciary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, includes a reconciliation with brief explanations to

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

better identify the relationship between the government-wide statements and the statements for the governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipients of goods or services offered by a program, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the District, with certain exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

**Fund Financial Statements:**

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major governmental fund is presented in a separate column, and all non-major funds are aggregated into one column. Fiduciary funds are reported by fund type.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are generally included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Fiduciary funds are reported using the economic resources measurement focus.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

**Revenues - Exchange and Non-exchange Transactions:**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, "available" means collectible within the current period or within 365 days after year-end.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied.

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

Eligibility requirements include timing requirements, which specify the year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

**Deferred Outflows/Deferred Inflows:**

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred outflow of resources related to the recognition of the net pension liability reported in the Statement of Net Position.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the pension liability reported which is in the Statement of Net Position.

**Unearned Revenue:**

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred inflows of resources from unearned revenue. In the governmental fund financial statements, receivables associated with non-exchange transactions that will not be collected within the availability period have been recorded as deferred inflows of resources from unavailable resources.

**Expenses/Expenditures:**

On the accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**E. Fund Accounting**

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's accounts are organized into major, nonmajor, and fiduciary funds as follows:

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

**Major Governmental Funds:**

The *General Fund* is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund and includes transactions accounted for in the Special Reserve Fund for Other Than Capital Outlay and Special Reserve Fund for Postemployment Benefits.

The *Building Fund* is used to account for proceeds from the sale of real property and account for the acquisition of major governmental capital facilities and buildings from the sale of bond proceeds.

The *Bond Interest and Redemption Fund* is used to account for the interest and redemption of principal of general obligation bonds.

**Non-major Governmental Funds:**

*Special Revenue Funds* are used to account for the proceeds of specific revenue sources that are restricted or committed for purposes other than debt service or capital projects. The restricted or committed resources need to comprise a substantial portion of the inflows reported in the special revenue fund. The District maintains the following nonmajor special revenue funds:

- The *Adult Education Fund* is used to account for resources committed to adult education programs maintained by the District.
- The *Child Development Fund* is used to account for resources committed child development programs maintained by the District.
- The *Cafeteria Fund* is used to account for revenues received and expenditures made to operate the District's food service programs.
- The *Deferred Maintenance Fund* is used for the purpose of major repair or replacement of District property.

*Capital Projects Funds* are used to account for resources restricted, committed or assigned for capital outlays. The District maintains the following nonmajor capital projects fund:

- The *Capital Facilities Fund* is used to account for resources received from developer impact fees assessed under provisions of the California Environmental Quality Act ("CEQA").

**Fiduciary Funds:**

- *Private-Purpose Trust Funds* are used to account for assets held by the District as trustee. The District maintains one trust fund, the Scholarship fund, which is used to provide financial assistance to students of the District.

In order to comply with the requirements of GASB 54, the District has combined transactions in the Special Reserve fund for Other than Capital Outlay (Special Reserve Fund) with the General Fund because it does not meet the definition of a special revenue fund as defined by GASB 54.

**F. Budgets and Budgetary Accounting**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. By state law, the District’s governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District’s governing board satisfied these requirements.

These budgets are revised by the District’s governing board during the year to give consideration to unanticipated income and expenditures. The original and final revised budgets for the General Fund are presented as Required Supplementary Information.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**G. Encumbrances**

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated on June 30.

**H. Pensions**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District’s California Public Employees’ Retirement System (CalPERS) and California State Teachers’ Retirement System plans (STRS) and additions to/deductions from the Plans’ fiduciary net position have been determined on the same basis as they are reported by CalPERS and STRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined time frames. For this period, the following time frames were used:

Valuation Date	June 30, 2020
Measurement Date	June 30, 2021
Measurement Period	July 1, 2020 to June 30, 2021

The following summarizes the pension plan balances for the fiscal year:

	PERS	STRS	Total
Deferred outflows of resources	\$ 2,256,326	\$ 6,562,015	\$ 8,818,341
Deferred inflows of resources	\$ 3,717,106	\$ 13,385,612	\$ 17,102,718
Pension expense	\$ 1,144,675	\$ 2,100,784	\$ 3,245,459
Net pension liabilities	\$ 8,895,501	\$ 12,981,029	\$ 21,876,530

I. Assets, Liabilities, and Equity

a) Cash and Investments

Cash balances held in banks and in revolving funds are insured to \$250,000 by the Federal Deposit Insurance Corporation.

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the County Treasury. The county pools these funds with those of other districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

All District-directed investments are governed by Government Code Section 53601 and Treasury investment guidelines. The guidelines limit specific investments to government securities, domestic chartered financial securities, domestic corporate issues, and California municipal securities. The District's securities portfolio is held by the County Treasurer. Interest earned on investments is recorded as revenue of the fund from which the investment was made.

b) Fair Value Measurements

Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- Market approach - This approach uses prices generated for identical or similar assets or liabilities. The most common example is an investment in a public security traded in an active exchange such as the NYSE.
- Cost approach - This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach - This approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs have been maximized in fair value measures, and unobservable inputs have been minimized.

c) Inventories and Prepaid Expenditures

*Inventories*

Inventories are recorded using the purchases method, in that inventory acquisitions are initially recorded as expenditures. Reported inventories are equally offset by a fund balance reserve, which indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets. The District's central warehouse inventory is valued at cost and consists of expendable supplies held for consumption.

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

*Prepaid expenditures*

The District has the option of reporting expenditures in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditure during the benefiting period, thus recording a prepaid expenditure in the Statement of Net Position.

d) Capital Assets

Capital assets are those purchased or acquired with an original cost of \$15,000 or more and are reported at historical cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the asset's lives are not capitalized but are expensed as incurred.

Depreciation on all capital assets is computed using a straight-line basis over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Improvement of sites	20
Buildings	50
Portable buildings	20
Building improvements	20
Furniture and fixtures	20
Playground equipment	20
Food services equipment	15
Transportation equipment	15
Telephone system	10
Vehicles	8
Computer and office equipment	5

e) Compensated Absences

All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken, since such benefits do not vest, nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

f) Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of applicable bond premium or discount. Issuance costs are expensed in the period incurred.

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

In the fund financial statements, governmental funds recognize bond premiums and discounts as well as bond issuance costs, during the current period. The face amount of the debt issued, premiums, or discounts are reported as other financing sources/uses.

g) Fund Balance Reserves and Designations

The District maintains a minimum unassigned fund balance of not less than 3 percent of budgeted general fund expenditures and other financing uses as a reserve for economic uncertainties. The District believes a reserve of this level is prudent to maintain a high bond rating and to protect the District from the effects of fluctuations in property tax revenues to which basic aide districts are vulnerable. Because amounts in the nonspendable, restricted, committed, and assigned categories are subject to varying constraints on their use, the reserve for economic uncertainties consists of balances that are otherwise unassigned.

In accordance with Government Accounting Standards Board 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies governmental fund balances as follows:

- *Nonspendable* fund balance includes amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- *Restricted* fund balance includes amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- *Committed* fund balances includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. Committed fund balances are imposed by the District's board of education.
- *Assigned* fund balance includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Superintendent and the Chief Business Official.
- *Unassigned* fund balance includes positive amounts within the general fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The District uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

h) Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. In addition, deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

improvement of those assets or related debt also are included in the net investment in capital assets component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

*Capital Projects* restrictions will be used for the acquisition and construction of capital facilities.

*Debt Service* restrictions reflect the cash balances in the debt service funds that are restricted for debt service payments by debt covenants.

*Educational Program* restrictions reflect the amounts to be expended for federal and state funded educational programs.

*Child Development* restrictions reflect the amounts to be expended for federal, state, or local revenues to operate child development programs.

*Adult Education* restrictions reflect the amounts to be expended for federal and state funded adult education programs.

*Cafeteria Programs* restrictions reflect the amounts to be expended for federal, state, or local revenues to operate cafeteria programs.

*Unrestricted net position* reflects amounts that are not subject to any donor-imposed restrictions. This class also includes restricted gifts whose donor-imposed restrictions were met during the fiscal year. A deficit unrestricted net position may result when significant cash balances restricted for capital projects exist. Once the projects are completed, the restriction on these assets are released and converted to capital assets.

i) Local Control Funding Formula and Property Taxes

The Local Control Funding Formula (LCFF) creates base, supplemental, and concentration grants in place of most previously existing K–12 funding streams, including revenue limits and most state categorical programs.

The county is responsible for assessing, collecting, and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property in the county. The levy is based on the assessed values as of the preceding March 1, which is also the lien date. Property taxes on the secured roll are due on August 31 and February 1, and taxes become delinquent after December 10 and April 10, respectively. Property taxes on the unsecured roll are due on the lien date (March 1) and become delinquent if unpaid by August 31.

Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternate method of distribution prescribed by Section 4705 of the *California Revenue and Taxation Code*. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll - approximately October 1 of each year.

**CABRILLO UNIFIED SCHOOL DISTRICT

FOR THE YEAR ENDED JUNE 30, 2022**

---

The County Auditor reports the amount of the District's allocated property tax revenue to the California Department of Education. Property taxes are recorded as local revenue limit sources by the District.

j) Risk management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The District has joined together with other school districts in the County to form the San Mateo County Schools Insurance Group ("SMCSIG") public entity risk pool. The District pays an annual premium for its property and casualty, workers' compensation, and liability insurance coverage. The Joint Powers Agreements provide that SMCSIG will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of self-insured levels.

There were no significant reductions in insurance coverage from coverage in the prior year and no insurance settlement exceeding insurance coverage.

k) Accounting Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

J. Implemented Accounting Pronouncements

*GASB Statement No. 87, Leases*

The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financing of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. As of June 30, 2022, the District did not have any material contracts that were required to be reported as leases under GASB 87.

K. Upcoming Accounting and Reporting Changes

The District is currently analyzing its accounting practices to determine the potential impact on the financial statements of the following recent GASB Statements:

*GASB Statement No. 91, Conduit Debt Obligations*

The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

also clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitment and voluntary commitments extended by issuers and arrangements associated with the debt obligations; and improving required note disclosures. The requirements of this Statement were initially to be effective for financial statements for periods beginning after December 15, 2020 but have been delayed to periods beginning after December 15, 2021, pursuant to GASB Statement No. 95. Earlier application is encouraged.

*GASB Statement No. 94, Public-Private Partnerships and Public-Public Partnerships and Availability Payment Arrangements*

The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The requirements of this Statement are to be effective for financial statements for periods beginning after June 15, 2022. Earlier application is encouraged.

*GASB Statement No. 96, Subscription-Based Information Technology Arrangements*

GASB 96 provides guidance on accounting for Subscription-Based Information Technology Arrangements (SBITA) where the government contracts for the right to use another party's software. The standards for SBITAs are based on the standards established in GASB Statement No. 87, *Leases*. GASB 96 is effective for fiscal years beginning after June 15, 2022.

*GASB Statement No. 99, Omnibus 2022*

Omnibus statements are issued by GASB to address practice issues identified after other standards have been approved for implementation. Omnibus statements "clear up the loose ends" for recent prior statements GASB has issued. This Omnibus addresses recent pronouncements, including GASB 87 – *Leases*, GASB 94 – *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, and GASB 96 – *Subscription-Based Information Technology Arrangements*.

Effective Date: The requirements of this Statement are effective as follows:

- The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance

**CABRILLO UNIFIED SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

---

- The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.
- The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

Earlier application is encouraged and is permitted by topic.

GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*

This Statement defines *accounting changes* as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement also prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections in previously issued financial statements. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement No. 101, *Compensated Absences*

This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. However, leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits should not be included in a liability for compensated absences.

This Statement requires that a liability for certain types of compensated absences—including parental leave, military leave, and jury duty leave—not be recognized until the leave commences. This Statement also requires that a liability for specific types of compensated absences not be recognized until the leave is used. A liability for leave that has been used but not yet paid or settled should be measured at the amount of the cash payment or noncash settlement to be made. Certain salary-related payments that are directly and incrementally associated with payments for leave also should be included in the measurement of the liabilities.

With respect to financial statements prepared using the current financial resources measurement focus, this Statement requires that expenditures be recognized for the amount that normally would be liquidated with expendable available financial resources. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

**2. CASH AND INVESTMENTS**

A summary of cash and investments as of June 30, 2022 is as follows:

Description	Carrying Amount	Fair Value
<b>Government-Wide Statements:</b>		
Cash in county treasury investment pool	\$ 48,352,134	\$ 48,352,134
Cash in revolving fund	25,000	25,000
Cash in banks	173,723	173,723
Cash with fiscal agent	58,981	58,981
Total Government-Wide Cash and Investments	48,609,838	48,609,838
<b>Fiduciary Funds:</b>		
Cash in banks	107,280	107,280
Total Cash and Investments	\$ 48,717,118	\$ 48,717,118

**Cash in Banks and in Revolving Funds**

Cash balances in banks and revolving funds are insured up to \$250,000 per bank by the Federal Deposit Insurance Corporation ("FDIC"). These accounts are held within various financial institutions. As of June 30, 2022, the bank balance of the District's accounts with banks was \$342,759. As of June 30, 2022, the bank balances of the District's accounts were fully insured by FDIC.

**Cash in County Treasury**

The District is considered to be an involuntary participant in an external investment pool as the District is required to maintain substantially all of its cash with the County Treasurer in accordance with Education Code Section 41001. The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

*Fair Value Measurements*

GASB 72 established a hierarchy of inputs to the valuation techniques above. This hierarchy has three levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 inputs are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.
- Level 3 inputs are unobservable inputs, such as a property valuation or an appraisal.

Investments in the San Mateo County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

**CABRILLO UNIFIED SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

---

**Policies and Practices**

The District is authorized under California Government Code Section 53635 to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Limitations as they relate to interest rate risk, credit risk, custodial credit risk, and concentration of credit risk are described below:

**A. Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to the changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The District maintains cash with the San Mateo County Investment Pool. The pool has a fair value of approximately \$1.915 billion and an amortized book value of \$1.976 billion.

**B. Credit Risk**

Credit risk is the risk of loss due to the failure of the security issuer. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investment with the San Mateo County Investment Pool is governed by the County's general investment policy. The investment with the San Mateo County Investment Pool is rated at least Aa1 by Moody's Investor Service.

**C. Custodial Credit Risk – Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

**D. Concentration of Credit Risk**

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

**5. TAX AND REVENUE ANTICIPATIONS NOTES**

The District issued \$2,045,000 in tax and revenue anticipation notes dated August 17, 2021. The notes matured on June 30, 2022 and yielded 2% interest. The notes were sold to supplement cash flow and were repaid from the General Fund.

**6. INTERFUND TRANSACTIONS**

Interfund transactions are reported as either loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables (Due From/To), as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers among governmental funds are netted as part of the reconciliation to the government-wide financial statements.

**Interfund Transfers**

Interfund transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended as follows:

Fund	Due From	Due To
General Fund	\$ 30,315	\$ -
Building Fund	-	205
Nonmajor Funds	-	30,110
Totals	\$ 30,315	\$ 30,315

**Interfund Receivables/Payables (Due From/Due To)**

Interfund receivables and payables consisted of the following as of June 30, 2022:

Fund	Transfers In	Transfers Out
General Fund	\$ -	\$ 330,000
Nonmajor Funds	330,000	-
Totals	\$ 330,000	\$ 330,000

Total Long-Term Liabilities	<u>\$ 168,934,399</u>	<u>\$ 16,325,499</u>	<u>\$ 35,721,401</u>	<u>\$ 149,538,497</u>	<u>\$ 1,300,000</u>

Payments on the general obligation bonds are made from the Bond Interest and Redemption Fund using local revenues.

**General Obligation Bonds Payable**

On August 1, 1996, the District issued \$34,996,263 in General Obligation Bonds (GO Bonds). The County Treasurer levies annual ad valorem taxes for required debt service payments. Bond proceeds have been and will be used for improvements and construction at the District's school sites.

On October 25, 2012, the District issued \$19,715,860 in Election 2012, Series A GO Bonds. This included principal of \$18,000,000, with a premium of \$1,715,860. The bonds mature on August 1, 2037. Total debt service for the bonds is \$27,843,608. Bond proceeds will be used for improvements and construction at the District's school sites. In August 2017, the District issued 2017 GO Refunding Bonds for the purpose of refunding certain maturities of the outstanding Election 2012 Series A GO Bonds.

On January 14, 2015, the District issued \$21,067,416 in Election 2012, Series B GO Bonds. This included principal of \$20,000,000, with a premium of \$1,067,416. The bonds mature on August 1, 2044. Total debt service for the bonds is \$35,591,991. Bond proceeds will be used for improvements and construction at the District's school sites.

On January 18, 2017, the District issued \$20,571,771 in Election 2012, Series C GO Bonds. This included principal of \$20,000,000 with a premium of \$571,771. The bonds mature on August 1, 2046. Total debt service for the bonds is \$39,133,222. Bond proceeds will be used for improvements and construction at the District's school sites.

On August 31, 2017, the District issued \$4,610,000 in 2017 GO Refunding Bonds for the purpose of partially refunding its outstanding obligation under Election 2012, Series A GO Bonds. The proceeds of the 2017 GO Refunding Bonds were used to defease and redeem \$4,700,000 principal amount of the District's outstanding Election 2012, Series A GO Bonds. The amounts defeased have been removed from the government-wide financial statement of net position. The District completed the refunding to obtain an economic gain (difference between the present value of the old and the new debt service payments) of \$269,940.

On September 25, 2018, the District issued \$35,000,000 in 2018 Series A General Obligation Bonds through Measure M for improvements and construction at District's school sites. The bonds were issued at a premium of \$2,509,804 and secured by property taxes. Issuance costs of \$313,500 were paid with bond

**8. JOINT POWERS AGREEMENTS**

The District participates in a joint powers agreement ("JPA") with the San Mateo County Schools Insurance Group ("SMCSIG"). A board consisting of a representative from each member district governs the JPA. The governing board controls the operation of the JPA independent of any influence by the District beyond the District's representation on the governing board. The JPA is independently accountable for its fiscal matters. Budgets are not subject to any approval other than that of the governing board. Member districts share surpluses and deficits proportionately to their participation. The relationship between the District and the JPA is such that the JPA is not a component unit of the District for financial reporting purposes.

The following is a summary of coverage provided by SMCSIG JPA and its most recent financial statement information:

	SMCSIG June 30, 2021
Total Assets and Deferred Outflows	\$ 43,845,133
Total Liabilities and Deferred Inflows	20,327,469
Total Equity	23,517,664
Total Revenues	43,521,834
Total Expenditures	40,112,140

**9. COMMITMENTS AND CONTINGENCIES**

**Litigation**

Various claims involving the District are currently outstanding. However, management believes, based on consultation with legal counsel, that the ultimate resolution of these matters will not have a material adverse effect on the District’s financial position or results of operations.

**Federal and State Allowances, Award, and Grants**

The District has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

**10. CALPERS PENSION PLAN**

*General Information about the PERS Pension Plan*

**Plan Description** - All qualified permanent and probationary employees are eligible to participate in the District’s CalPERS Employee Pension Plan (the Plan), a cost-sharing multiple employer defined benefit pension plans administered by the California Public Employees’ Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

FOR THE YEAR ENDED JUNE 30, 2022**

---

**Benefits Provided** - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for the Plan are applied as specified by the Public Employees' Retirement Law. The Plans' provisions and benefits in effect at June 30, 2022, are summarized as follows:

	<b>CalPERS</b>	
	Classic	PEPRA
Benefit formula	2% @ 55	2% @ 62
Benefit vesting schedule	5 Years	5 Years
Benefit payments	Monthly for Life	Monthly for Life
Retirement age: minimum	50	52
Monthly benefits as a % of eligible compensation	(1)	(1)
Required employee contribution rates	7.000%	7.000%
Required employer contribution rates	22.910%	22.910%

(1) Monthly benefit is a product of benefit factor, years of service, and final compensation

**Contributions** - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

For the year ended June 30, 2022, the District's contributions were as follows:

	<b>CalPERS</b>
Contributions - employer	\$ 1,752,726

***Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to PERS***

As of June 30, 2022, the District reported net pension liabilities for its proportionate shares of the net pension liability of the Plan as follows:

	<b>Proportionate Share of Net Pension Liability/(Asset)</b>
CalPERS	\$ 8,895,501

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2021, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. The District's proportion of the

---

net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the net pension liability for the Plan as of June 30, 2021 and 2022 was as follows:

	<b>CalPERS</b>
Proportion - June 30, 2021	0.04322%
Proportion - June 30, 2022	0.04375%
Change - Increase/(Decrease)	0.00052%

For the year ended June 30, 2022, the District recognized pension expense of \$1,144,675 for the Plan.

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>CalPERS</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between Expected and Actual Experience	\$ 265,554	\$ 20,970

**Actuarial Assumptions** - The total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2020
Measurement Date	June 30, 2021
Actuarial Cost Method	Entry-Age Normal Cost Method
<b>Actuarial Assumptions:</b>	
Discount Rate	7.15%
Inflation	2.50%
Payroll Growth	2.75%
Projected Salary Increase	(1)
Investment Rate of Return	7.15% (2)
Mortality	(3)

- (1) Varies by entry age and service
- (2) Net of pension plan investment expenses, including inflation
- (3) Derived using CalPERS' membership data for all funds

**Discount Rate** - The discount rate used to measure the total pension liability was 7.15%. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the Plan, CalPERS stress tested employer rate plans within the Plan that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested employer rate plans run out of assets. Therefore, the current 7.15% discount rate is adequate and the use of the municipal bond rate calculation is not necessary.

According to Paragraph 30 of GASB 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. For the CalPERS Plan, the 7.15% investment return assumption used in this accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. An investment return excluding administrative expenses would have been 7.15%. Using this lower discount rate has resulted in a slightly higher total pension liability and net pension liability. CalPERS checked the materiality threshold for the difference in calculation and did not find it to be a material difference.

In the December 2016 and April 2017 meetings, the Board voted to lower the funding discount rates used for the PERF. In making its decision, the Board reviewed recommendations from CalPERS team members, external pension and investment consultants, and input from employer and employee stakeholder groups. A lowered funding discount rate for the PERF will be phased in over a three-year period beginning July 1, 2018 for public agencies and school districts. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the Plan's asset classes, expected compound (geometric) returns were calculated over the short-term (first 11 years) and the long-term (60 years) using a

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

---

building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for the Plan. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

<u>Asset Class (a)</u>	<u>Assumed Asset Allocation</u>	<u>Real Return Years 1 - 10 (b)</u>	<u>Real Return Years 11+ (c)</u>
Global Equity	50.00%	4.80%	5.98%
Fixed Income	28.00%	1.00%	2.62%
Inflation Sensitive	0.00%	0.77%	1.81%
Private Equity	8.00%	6.30%	7.23%
Real Estate	13.00%	3.75%	4.93%
Liquidity	1.00%	0.00%	-0.92%
Total	<u>100.00%</u>		

- (a) In the System's ACFR, Fixed Income is included in Global Debt Securities; Liquidity Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.
- (b) An expected inflation of 2.0% used for this period.
- (c) An expected inflation of 2.92% used for this period.
- (d) Figures are based on the previous ALM of 2017.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate -** The following presents the District's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	<u>CalPERS</u>
1% Decrease	6.15%
Net Pension Liability \$	14,999,063
Current	7.15%
Net Pension Liability \$	8,895,501
1% Increase	8.15%
Net Pension Liability \$	3,828,234

**11. CALIFORNIA STATE TEACHERS' RETIREMENT SYSTEM (STRS) PENSION PLAN**

***General Information about the STRS Pension Plan***

**Plan Description** - The District contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability, and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information.

**Benefits Provided** - STRS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. The cost-of-living adjustments for the Plan are applied as specified by the retirement Law. The Plan's provisions and benefits in effect at June 30, 2022, are summarized as follows:

	<b>CalSTRS</b>	
	Tier 1	Tier 2
Benefit formula	2% @ 60	2% @ 62
Benefit vesting schedule	5 Years	5 Years
Benefit payments	Monthly for Life	Monthly for Life
Retirement age:	60	62
Monthly benefits as a % of eligible compensation	2%	2%
Required employee contribution rates	10.250%	10.205%
Required employer contribution rates	16.920%	16.920%
Required State contribution rates	10.828%	10.828%

**Contributions** - As part of the annual valuation process, the Normal Cost rate is determined as the basis for setting the base member contribution rate for the following fiscal year. Generally, the base member contribution rate is one-half of the Normal Cost rate within certain parameters. Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial cost method.

For the year ended June 30, 2022, the District's contributions were as follows:

	<b>CalSTRS</b>
Employer Contributions	\$ 2,752,112
State Contributions	1,834,485

***Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to STRS***

As of June 30, 2022, the District reported net pension liabilities for its proportionate shares of the net pension liability of the Plan as follows:

	<b>Proportionate Share of Net Pension Liability/(Asset)</b>
District	\$ 12,981,029
State	6,531,535
Total	\$ 19,512,564

The District’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2021, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The state contributed 11.87 percent of the members’ creditable earnings from the fiscal year ending in the prior calendar year. Also, as a result of AB 1469, the additional state appropriation required to fully fund the benefits in effect as of 1990 by 2046 is specific in subdivision (b) of Education Code Section 22955.1. The increased contributions end as of fiscal year 2045-2046.

The District’s proportionate share of the net pension liability for the Plan as of June 30, 2021 and 2022 was as follows:

	<b>CalSTRS</b>
Proportion - June 30, 2021	0.02600%
Proportion - June 30, 2022	0.02852%
Change - Increase/(Decrease)	0.00252%

For the year ended June 30, 2022, the District recognized pension expense of \$2,100,784 for the Plan which included an on-behalf amount of \$1,834,485 from the state.

**Actuarial Assumptions** - The total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2020
Measurement Date	June 30, 2021
Actuarial Cost Method	Entry-Age Normal Cost Method
<b>Actuarial Assumptions:</b>	
Discount Rate	7.10%
Inflation	2.75%
Payroll Growth	3.50%
Projected Salary Increase	(1)
Investment Rate of Return	7.10% (2)
Mortality	(3)

- (1) 2% simple for DB (annually), maintain 85% purchasing power level for DB. Not applicable for DBS/CBB
- (2) Net of investment expense but gross of administrative expenses.
- (3) Based on 110% of the MP-2019 Ultimate Projection

**Discount Rate** - The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increases per AB 1469. Projected inflows from investment earnings were calculated using the long term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability. The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return (a) (b)
Global Equity	42.00%	4.75%
Private Equity	13.00%	6.25%
Real Estate	15.00%	3.55%
Inflation Sensitive	6.00%	3.25%
Fixed Income	12.00%	1.25%
Risk Mitigation Strategies	10.00%	1.75%
Liquidity	2.00%	-0.35%
<b>Total</b>	<b>100.00%</b>	

- (a) Real return is net of assumed 2.75% inflation.
- (b) 20-year geometric average.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate -** The following presents the District’s proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	<u>CalSTRS</u>
1% Decrease	6.10%
Net Pension Liability	\$ 26,425,015
Current	7.10%
Net Pension Liability	\$ 12,981,029
1% Increase	8.10%
Net Pension Liability	\$ 1,823,300

**Pension Plan Fiduciary Net Position -** Detailed information about each pension plan’s fiduciary net position is available in the separately issued STRS financial reports.

**12. Prior Period Adjustment**

Due to the CDE revising the ELO award and allocations by resource, the financials were closed using the prelim award and allocations which has resulted in overstated fund balance of \$882,533 in resource codes 7425/7426 as the new resources included are grants that do not have fund balance.

**1. PURPOSE OF SCHEDULES**

A. Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes in the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments in state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

B. Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day and Longer Instructional Year. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206.

C. Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

D. Schedule of Expenditures of Federal Awards

*Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Regulations, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) requires a disclosure of the financial activities of all federally funded programs. This schedule was prepared to comply with Uniform Guidance requirements.

E. Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balances of all funds reported on the SACS report to the audited financial statements.

**2. RESULTS OF RECONCILIATIONS OF EXPENDITURES PER SCHEDULE OF GRANT ACTIVITY WITH THE DISTRICT'S ACCOUNTING SYSTEM**

There were no material unreconciled differences between the District's records and the Schedule of Federal Grant Activity as shown on the Schedule of Expenditures of Federal Awards.

**CABRILLO UNIFIED SCHOOL DISTRICT  
NOTES TO STATE AND FEDERAL AWARD COMPLIANCE SECTION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

---

**3. BASIS OF PRESENTATION - SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Regulations, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The District has elected not to use the 10 percent de minimis indirect cost rate as allowed under Uniform Guidance.

**OTHER INDEPENDENT  
AUDITOR'S REPORTS**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Board of Trustees  
Cabrillo Unified School District  
Half Moon Bay, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cabrillo Unified School District (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 14, 2022.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion

on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that is required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE IN ACCORDANCE WITH UNIFORM GUIDANCE**

The Honorable Board of Trustees  
Cabrillo Unified School District  
Half Moon Bay, California

**Report on Compliance for Each Major Federal Program**

We have audited Cabrillo Unified School District's (the District) compliance with the types of compliance requirements described in *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

**Basis for Opinion on Each Major federal programs**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Cabrillo Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal programs. Our audit does not provide a legal determination of Cabrillo Unified School District's compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

### **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Cabrillo Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Cabrillo Unified School District's compliance with the requirements of each major federal programs.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Cabrillo Unified School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Cabrillo Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Cabrillo Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE WITH REQUIREMENTS  
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON STATE PROGRAMS**

The Honorable Board of Trustees  
Cabrillo Unified School District  
Half Moon Bay, California

**Report of State Compliance**

We have audited the Cabrillo Unified School District (the District)’s compliance with the types of compliance requirements described in the *2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel, that could have a direct and material effect on each of the District’s state programs identified below for the year ended June 30, 2022.

In our opinion, Cabrillo Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on State Programs for the fiscal year ended June 30, 2022.

**Basis for Opinion on State Compliance Requirements**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the *2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting (Audit Guide)*, published by the Education Audit Appeals Panel. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Cabrillo Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the state programs identified in the *Audit Guide*. Our audit does not provide a legal determination of Cabrillo Unified School District’s compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District’s state programs.

**Auditor’s Responsibilities for the Audit of State Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Cabrillo Unified School District’s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *Audit Guide* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Cabrillo Unified School District’s compliance with the requirements of applicable state compliance requirements listed in the *Audit Guide*.

In connection with the compliance audit referred to above, we selected and tested transactions and records to determine the District’s compliance with the state laws and regulations applicable to the following items:

**Finding 2021-001; Instructional Materials (70000)**

*Criteria or Specific Requirements:*

**EDUCATION CODE**

**TITLE 2. ELEMENTARY AND SECONDARY EDUCATION [33000 - 65001]**

*(Title 2 enacted by Stats. 1976, Ch. 1010.)*

**DIVISION 4. INSTRUCTION AND SERVICES [46000 - 65001]**

*(Division 4 enacted by Stats. 1976, Ch. 1010.)*

**PART 33. INSTRUCTIONAL MATERIALS AND TESTING [60000 - 60901]**

*(Part 33 enacted by Stats. 1976, Ch. 1010.)*

**CHAPTER 1. Instructional Materials [60000 - 60119]**

*(Chapter 1 enacted by Stats. 1976, Ch. 1010.)*

**ARTICLE 7. Public Hearings, Instructional Materials [60119- 60119.]**

*(Heading of Article 7 amended by Stats. 2015, Ch. 19, Sec. 117.)*

*California Education Code section 60119(a)(1)(A) requires the governing board to hold a public hearing or hearings at which the governing board shall encourage participation by parents, teachers, members of the community interest in the affairs of the school district, and bargaining unit leaders for the purpose of making a determination of the sufficiency of the District's textbooks or instructional materials or both.*

*California Education Code section 60119(a)(1)(B) requires the public hearing to take place on or before the end of the eighth week from the first day pupils attend school for that year.*

**Condition:** The District held its public hearing in April of 2021, which did not meet the end of the eight weeks from the first day pupils attend school requirement of Ed. Code section 60119(a)(1)(B).

**Questioned Costs:** None

**Effect:** The District was non-compliant with this Ed. Code, did not determine the sufficiency of textbooks and/or instructional materials in the required timeframe, and did not provide parents, teachers, members of the community, and bargaining unit leaders an opportunity to comment at a public hearing held within the required time frame.

**Cause:** This was caused by a management oversight related to COVID-19.

**CABRILLO UNIFIED SCHOOL DISTRICT  
STATUS OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

---

***Recommendation:*** We recommend the District create a recurring shared calendar item that notifies management responsible of the instructional materials when the public hearings and related public notices are due in relation to the first day of the school year.

***Corrective Action Plan:*** The District has set-up a system to ensure the public hearing for sufficient instructional materials is scheduled and conducted as required within the first eight (8) weeks of instruction of every school year.

***Status:*** Implemented
